

# Juan Rodriguez

(213) 610 - 1994 | [juan.rodriguez.517@my.csun.edu](mailto:juan.rodriguez.517@my.csun.edu) | Los Angeles, CA | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## TECHNICAL SKILLS

- Project coordination, Agile collaboration
- Lifecycle management, documentation control
- Python, SQL, Git/GitHub, React, Flask, Docker
- Kubernetes, Virtual Machines, Splunk, Wireshark
- Ubuntu, Linux, Agile, Cross-Functional Collaboration
- Microsoft Office Suite

## PROFESSIONAL EXPERIENCE

**Naval Facilities Engineering/Expeditionary Warfare Center** **Port Hueneme, CA**  
Computer Science Research Assistant **October 2024 - Present**

- Planned, tracked, and executed multi-service technology deployments using Docker and Kubernetes defining health probes and service discovery to improve reliability across virtual machines.
- Coordinated integration testing of microservices across VMs, aligning workstreams with cybersecurity, network, and application teams.
- Supported readiness testing and lifecycle maintenance for secure, offline systems used in operational field environments.
- Delivered internal technical demos and documentation outlining deployment, change management, and troubleshooting workflows.

**Accenture, LLC** **Los Angeles, CA**  
Business Analyst Intern – Quality Assurance **June 2023 – August 2023**

- Managed QA workflows using SQL scripts and defect tracking tools to verify site functionality for 10,000+ monthly users.
- Partnered with Cisco and Accenture stakeholders to synchronize testing milestones and reporting schedules.
- Produced project documentation and test reports supporting cross-team accountability and performance improvement.

**StelEsthetics - <https://www.stelesthetics.net/>** **Los Angeles, CA**  
Front-End Web Developer **February 2022 – Present**

- Planned and implemented Webflow site migration to MERN architecture, defining project phases, milestones, and deliverables.
- Collaborated with client during monthly reviews to update content, analyze engagement metrics, and prioritize UX improvements.
- Integrated Google Analytics tracking to measure conversions and inform data-driven design adjustments, improving customer appointments by 15%.

## MILITARY EXPERIENCE

**United States Navy** **Corpus Christi, TX**  
Hospital Corpsman **August 2008 – August 2011**

- Collaborated in cross-functional military teams, strengthening communication and adherence to procedures.

## LEADERSHIP & PROFESSIONAL DEVELOPMENT

**CodePath Cybersecurity Course** **Los Angeles, CA**  
Cybersecurity Student **June 2025 – August 2025**

- Completed a 10-week immersive course covering logging, incident response, intrusion detection, SIEM, and threat hunting with industry tools such as Splunk and Wireshark.
- Conducted hands-on threat-hunting exercises, analyzing system logs and network traffic to detect anomalies.
- Built case study reports in Splunk Catalyst, strengthening investigative and documentation skills.

**Association for Computing Machinery - <https://www.ecs.csun.edu/acm/>** **California State University, Northridge**  
Front-End Web Developer **July 2024 – Present**

- Developed and deployed a responsive, mobile-first website using Bootstrap, HTML, and JavaScript to centralize event promotion and streamline chapter engagement.
- Implemented UI and performance enhancements to ensure cross-platform consistency, improving accessibility and uptime for 150+ active members.
- Organized and led a Python Fundamentals workshop for CSUN students, delivering structured instruction on core programming concepts and guiding participants through a hands-on mini project to reinforce learning outcomes.

## EDUCATION

**California State University, Northridge, CA** **Expected: May 2026**

- Bachelor of Science, Computer Science

**Rio Hondo Community College, Whittier, CA** **May 2023**

- Associates of Science, Computer Information System and Mathematics
